#### BENATOR PALMER'S WELCOME. The Democratic Nomince Showered with

Roses at the Station. SPRINGPIELD, Ill., Sept. 4 .- An informal but hearty reception was given United States Senator John M. Palmer on his return from Indianapolia, where he was nominated for the Presidency as the candidate of the National Democratic party. Although the reception was under the auspices of the local sound-money Democratic club, it was non-partisan in its nature. Senator and Mrs. Palmer were met at Iliopolis by a committee of citizens of all

nature. Senator and Mrs. Falmer were met at Iliopolis by a committee of citizens of all parties.

As the nominee stepped from the train he was showered with roses thrown by the ladies on the platform, and the commitment was grarefully acknowledged by him. The party were taken in two carriages, each drawn by four black horses, and followed by about 1,000 citizens marching behind the warch factory band. The procession went to fien. Palmer's residence, where State Senator N. P. Shumway welcomed the nominee in the name of his neighbors and congratulated him upon his nomination.

Gen. Palmer responded briefly, saying that he felt that this demonstration in his honor was a purely non-partian expression of neighborly regard, and not even his nomination at Indianapolis was so pleasing to him. He felt, he said, that he had been appointed a leader by a representative gathering and to uphold a principle very dear to him. After a hearty three cheers the crowd dispersed.

#### WELCOME TO GEN. BUCKNER. Louisville Greets the Democratic Nomince for Vice-President.

LOUISVILLE, Kr., Sept. 4.-Gen. Simon Boltvar Buckner, the National Democratic nominee for Vice-Pres'dent, arrived in Louisville at 11:59 o'clock this morning on a special train, which brought the Kentucky, Tennessee, Alabama, and Florida delegations. Headed by the Alabama delegation's band, the different delegations formed in line and escorted flov. Buck-ner to the Willard Hotel. Gen. Buckner walked just behind the band, escorted by Judge Faulkner and ex-Gov. Jones of Alabama. The party was loudly cheered during the march, and a big crowd soon gathered at the hotel. Everybody tried to shake bands with Gen.

Buckner, and he was called on for a speech. Buckner, and he was called on for a speech. One man yelled for Bryan, and the crowd put him out of the hotel lobby. Gen. Buckner thanked the crowd for its welcome, and then retired to his apartments. The Southern delegates then serenasted the newspapers.

Gen. Buckner lives six miles from Munfordsville. Hart county, and when the news of his nomination for Vice-President reached that place yesterday afternoon there was a general joilification. A messenger was sent to Glen Lily, Gen. Buckner's country home, to inform Mrs. Buckner. Early last night a number of enthusiastic Democrats called at the house and paid their respecies to the mistress of Gien Lily and her son, Simon Bolivar, Jr. Many silver Democrats expressed their regret that the General had been nominated because they distilke to yote against him.

### NOT A POPOCRAT, BUT A DEMOCRAT.

A District Attorney, When Asked for Campaign Money, Sends a Stinging Letter TOPEKA, Kan., Sept. 4.-United States District Attorney Perry yesterday received a letter from Mack Love, Chairman of the Bryan and Sewall State Committee, assessing him \$150 for campaign purposes. Perry replied to-day saying that he would contribute to the true Democratic Committee, but not to the Populist ombine. Re said:

Whenever a political party, while professing to differ with the Administration of that party simply on one question, goes out of its way to insult and deride that Administration, whenever such a Convention gives more time to a political bandit like Tillman than to any one, simply for the purpose of permitting him to spew slander against the party Administration, t is time for those who believe in that Administration, and in the policies it advocates, to re-sent the libel and to challenge the integrity of those who publish it. If I am to choose between the statesmanship of Carlisle and the wicked sophistries of Altgeld, I unbesitatingly and cheerfully cast my lot with the former."

Gen. Bragg has no charges of treachery to make. Some persons have been inclined to believe that Senaior Vilas was not as enthusiastic as he might have been in support of the General, and that he was at heart apposed to his nomination. It is certain, however, that Mr. Vilas did nothing to interfere with the success of the movement in Gen. Bragg's behalf.

### THIRD TICKET IN CHICAGO. Chairman Jones Says He Cares Nothing at All About It.

CHICAGO, Sept. 4. The nomination of Gen. Palmer for President and of Gen. Buckner for Vice-President by the Democratic National Convention was favorably commented upon at Republican headquarters. Chairman Habn of the speakers' bureau declared the ticket "as strong as the Democrats could navo made it," and added that if the nominations had been made by the United Democracy he would consider it

a very strong ticket.

At Poperatic national headquarters Chairman Jones replied as follows to Inquiries as to his opinion of the new ticket:

"Idid not nominate Senator Palmar: I don't know anything about it and care much less. That is all I have to say about the matter."

Vigorous Fight to Be Made in Ohto, Michigan, Indiana, and Illinois-Bryan to Go to Milwankee Today-Spraks to Workingmen in Chicago on Labor Day. CHICAGO, Sept. 4 .- William J. Bryan spent o-day in conference, lasting from the hour of arrival until nearly 6 o'clock this evening. There were present at these conferences Senator Jones of Arkansas, the Hon, E. C. Wall of Wisconsin, the Hon. B. J. Campan of Michigan, the Hon. Dan McConville of Ohio, National Silver Chairman I. K. Stevens, National Silver Organizer George J. Keeney, Gov. W. J. Stone of Missouri, and Secretary C. A. Walsh.

At the close of the day it was announced that beyond arranging an itinerary for Mr. Bryan's Southern and Eastern trips nothing had been done except to discuss the situation in a general way. The conferences were held in a room on the fourth floor of the Auditorium annex, from which Mr. Bryan descended to the parlor floor and held an informal reception. Many men and quite a number of women had awaited his coming for hours and they greated him warmly, assuring him of their hearty support and pre-

dicting a successful issue to his campaign. Mr. Bryan arrived in Chicago at 9:35 this morning. He was met by Gov. Stone and escorted to the hotel, Chairman Jones was unable to meet Mr. Bryan at the train owing t the arrival at the same hour of Mrs. Jones at another station. A consultation was held with Chairman Jones, Gov. Stone, the Hon. Thomas Gahan of Illinois, and National Committeeman Shanklin of Indians, and other leading Popo-

Shankin of indians, and other reading reportrais.

While this conference was in progress quite a crowd gathered outside the hotel, many of the members of which had followed Mr. Bryan from the station. A committee from this gathering waited upon Mr. Bryan, and requested that he appear and bow to the assemblage, with which request he compiled, and was greeted with load cheers.

that he appear and bow to the assemblage, with which request he complied, and was greeted with loud cheers.

During the afternoon some time was spent conferring with Chairman Jones regarding Mr. Brisan's letter of acceptance of his nomination by the Silver party to be read at the Lincoln notification meeeting on Tuesday. To-morrow Mr. Bryan will go to Milwauker, where he will make two speeches. Sunday will be spent with friends at Beliot, Wis., from which place he will return to Chicago to be present at the Sharp-hooters' Park meeting in Monday—Labor Day—at which, everything indicates, there will be an immense attendance. Leaving here at 5:30 on Monday, Mr. Bryan will arrive in Lincoln the following morning.

The programme arranged this afternoon for the Southern-Lastern tour is as follows: St. Louis, Sept. 12: Salem, ill. (Mr. Bryan's old hone). Sunday. Mrs. Bryan was called upon by a number of addes during the day, Mrs. Hollenbeck of Arkansas presenting her with a bouquet. Upon the ribbon with which it was tied appeared the coat of arms of Arkansas and N

reach nome for the opening day.

Mil. WAUKEE, Sept. 4.—Great preparations are under way for the reception of Mr. Bryan in this city on next Saturday. In the afternoon he will speak in National Park, and in the evening in Schilitz's Park. The evening meet ng will be accompanied by a torchight procession, in which it is proposed to have 20,000 men in line.

### BLACKBURN NOT CAST DOWN.

Confident that Bryan Will Carry Kentucky and the Rest of the South,

CHICAGO, Sept. 4.-Senator J. S. C. Blackburn, who is leading the silver forces in Kentucky. was in Chicago to-day to consult with Chairman Jones and the big men of the Popocracy. The Senator does not think the Indianapolis Convention amounts to much, and does not hesitate to say so, although he declares that by the nomination of Buckner Kentucky politics become most complicated.

"Of course," he declared, "Kentucky will be found solidly for Bryan in November, but the

found solidly for Bryan in November, but the local conditions in my State are complicated by the Indianapolis ticket, and I am going home in order to master all the details. "These Indianapolis bolters, bolstered up by Republican influences," continued the Senator, "are deceiving the people as to the effect which the movement will have on the election. We hear much of the tails that the third ticket will break up the solid South. This is the veriest nonsense. The South is solid for Bryan and free silver. For every vote the third ticket will gain in the South it will lose, or make for Bryan by tak ng away from McKinley, eight votes in the North. The only place where the gold movement is assuming any proportions is in the East, and in such sections, naturally Republican, we can best afford to lose votes, if we lose them at all."

Mr. Blackburn also declared that "no man in them at all."

Mr. Biackburn also declared that "uo man in the West will vote for the Indianapolis ticket who originally intended to vote for Bryan."

Sulzer Thinks Bryan Can Carry New York. Sulzer of New York writes to the headquarters of the Democratic clube: "An invitation has been sent out from here to all clubs of the State to send delegates to a Convention to be held at Buffalo on Sept. 17 for the purpose of forming a State organization and to ratify the nomina tion of Bryan and Sewall and endorse the Chicago platform. The campaign in the State is progressing quietly but energetically. It is being made by the clubs and by labor organizations and the friends of the plain people generally, regardless of the attitude of prominent State leaders. I have made several trips State leaders. I have made several trips through the State and have had long talks with prominent democrats in all parts, and I believe that with the prober efforts the State of New York can be carried this fail. After the State Convention no doubt the campaign will assume a more enthusiastic aspect, and many who are now slient will then come to the front."

#### SOUND MONEY CLUB IN WATERTOWN Goy. Flower, the Hon, Daniel G. Griffin, and Others Address It.

WATERTOWN, N. Y., Sept. 4. The Democratic Sound Money Club of this city, the ploneer gold club of New York State, held its regular meeting this evening, which was attended by former Governor Roswell P. Flower and Daniel G. Griffin, who returned this afternoon from Indianapolis. Speeches were made by the Hon. Henry Purcell. Police Commissioner James A. Ward, and Messrs. Flower and Griffin. Mr. Flower, like the previous speaker, Mr. Ward, insisted that gold, as measured by the interest standard, had depreciated rather than appreciated in value, and explained and commended the platform adopted by the Indianapolis Convention and the candidates there placed in nomination. He said, however, that his objections were not to Mr. Bryan, but to the platform upon which he was nominated. "We have not met on the trip to Indianap-

olis," said Mr. Flower, "or anywhere else, any fitty cent Democrats; they have all been dollar He denounced the effort to array the masses against the classes. He told of his own experience in early life and subsequent succe a and said that the same road is open to all.

"There is nothing to be said in support of the free coinage of silver," said Mr. Flower, "but what is humbug, ruin to the laboring man, and to the great Democratic party."

Speaking of Hyan's election, he said: "It won't happen, you bet it won't happen." He added that so far as he had been able to ascertain, the only States that were going for Bryan were those that were not represented at Indianapolis.

were those that were not represented at indicappolis.

"Never did I think until this year," he continued." that I could be brought to feel good over the result of the Vermont election, and I would not feel good this year if I did not know that Democrats had helped it along."

Mr. Flower announced that he had promised to go to Maine next week and deliver three or four speeches. four speeches.

Mr. Griffin denounced the utterances of the Chicago and St. Louis ristforms allele, and praised the platform adopted at indianapolis as the only honest and businessike one. He ridiculed the idea of international bimetalliam

# as fallactors and impracticable. The club now has a membership of 213, an increase of 56 during the past two weeks. About 200 people were present at to-night's meeting, and the speakers were heartly applauded.

Postmuster Sullivan Against Bryan,

Postmaster Andrew T. Sullivan of Brooklyn, who has hitherto acted with the regular Democratic organization, has declared himself against the Chicago platform and candidates. He said: "I consider that the nominees of the Indianapolis Convention stand for all that is best and purest in Democracy. The platform is strong enough and broad enough for every Democrat in these United States to stand upon who believes in and adheres to the traditions and tenets of the Democratic party as enun-ciated by Jefferson and Jackson."

#### DID MRS. LEASE SAY SUCH TRINGS? Did She D-clare Hill's and Hoke Smith's

Support Would Defeat Bryan ! TOPEKA, Kan., Sept. 4.-Mrs. Lease, who reurned to-day from her campaigning in New York city, said in an interview that Senator Hill and Hoke Smith would be responsible for the defeat of Bryan. Her explanation was as

"When the future historian shall write the story of this campaign he will give as the two principal causes for the defeat of William Jennings Bryan the support given him by David B. Hill and Hoke Smith. Hill's conversion was not a conversion of principles but was purely mercenary, and shows that an agreement has been entered into between "myself" and Bryan, by which Hill will control, in the event of Bryan's election, the Federal patronage of the State of New York. This fact is so patent on its face that true reformers will hesitate before giving their endorsement to such an unholy traffic

Hoke Smith is not for Bryan or free silver. His support of the silver candidates will be retroactive, and there is no doubt but that his alleged desertion of Cleveland is a part of the gold-bug conspiracy to injure Bryan, for his support will lose the ticket many thousands of old soldler votes throughout the country. In Kansas I predict that 10,000 old soldiers who have been voting with the Populists will return to the Republican party because of this one fact."

#### FUSION IN NEBRASKA.

Carried Out to the Letter by the Silverite

OMAHA, Neb., Sept. 4 .- The silver Democratic State Convention met in Creighton Theatre today for the purpose of endorsing the State ticket nominated by the Populists and filling the offices of Attorney-General and University

Over the stage were suspended portraits of Jefferson and Jackson, with a large portrait of the Boy Orator between them, a large American flag being draped about all three. In the wings were pennants of blue and white silk bearing the legend: "We are Democrats." Most of the boxes were occupied by women.

State Chairman C. J. Smythe rapped for order and announced that Edward P. Smith had been selected for temporary Chairman, and a little later, after a brief contest, Mr. Smith was made permanent Chairman. He created some enthupermanent Chairman. He created some enthusiasm by his laudation of Mr. Bryan, It was evident the Convention was heart and soul for the standard bearer. State Chairman Smythe was an avowed aspirant for the nomination as Attorney General, and this made necessary the selection of a Chairman of the State Central Committee. James C. Dahiman, Mayor of the thoron, had been slated for the honor, but Smythe and his friends wanted James O'Shea of Lancaster, pre-unmbly because O'Shea could be in close touch with Bryan at Lincoln. Dahiman was elected. He is an ardent sliver Democrat, though he holds an appointive office at the hands of a Populist Governor. C. J. Smythe was then nominated for Attorney-General, and he made a brief speech, in which he spoke of Bryan as the peer of Jefferson and Jackson. William Rollins of Dizon county was nominated for Regent, and the Populist nominees were then endorsed with rim, from Holcomb down to Superintendent of Public Instruction.

The Populist State Convention left the place of Attorney-General vacant so the Democrats might fill it. Four Presidential electors were named, and the four electors named by the Populists were endorsed, thus carrying out the fusion idea to the letter. The platform realitims the Chicago platform and refers briefly to important State Issues slasm by his laudation of Mr. Bryan, It was

# LONE MARIYR ST. JOHN.

Popocrats Give Him Nothing but Snubs,

Treasurer St. John of the Popocratic National committee appreciates his lonesomeness more and more as the campaign wears on. Having contributed most liberally to the cause himself he finds very little other grist coming to his mill. The National Committee has absorbed ail his funds, and has returned nothing but snubs to the Treasurer.

The latest snub Mr. St. John feels most keenly. There is an assistant Treasurer, his name is Norris, and his headquarters are at Washington. Without consulting with Treasurer St. John, Mr. Norris issued a call yesterday for contribu-tions to the Popocratic campaign fund. It concluded with a request that all contributions be sent to "my order." When the martyred

# M'LAUGHLIN STILL IN CONTROL.

He Approves of Bryan's Endorsement by

Ex-Register Hugh McLaughlin, the veteran Democratic leader, has returned to Brooklyn from his summer sojourn at Jamesport, L. I. His hold on the machinery of the regular organization is as strong as in the old days of Democratic supremacy, and there is no doubt that be can dictate the policy of the campaign. He refuses to make any statement in regard to the political outlook, but it is understood that he approves the action of the General Committee in endorsing not only the candidates, but also the platform of the Chicago repudiation-ists. LINCOLN, Neb., Sept. 4. Democrats of the Fourth Congress district held their Convention here yesterday and endorsed the candidacy of Judge W. L. Stark of Aurora, already nom-inated by the Populists. THE BLOOMER RESTAURANT MAN TO RUN FOR GOVERNOR.

West Virginia "opnitets Refuse to Unite with the Democrate-They Nominate "Col," Nat Pitagerald, Who Tried to Make Hts Watter G:ris Wear Bloomers WHEELING, W. Va., Sept. 4 .- In a conference at Clark-burg between the Democratic an Populist State Committees late last night all ef-forts at fusion failed, although the Democrats offered to sacrifice the Attorney-Generalship on the State ticket. The Populist nominee for Governor, Issao C. Ralphanyder, withdrew yes terday and the committee placed Nat War Fitzgerald of Terra Alta at the head of the ticket. "Col." Fitzgerald is the man who tried to run a bloomer girl restaurant in New York

A large number of persons in this city will be glad to learn through the above despatch, where "Colonel" Nathan Ward Fitzgerald can be found. They have been looking for him for months. "Colonel" Fitzgerald made his appearance here about a year ago, coming from Washington, where he had been a patent solicitor. He is a big man with a mop of long hair, and a manner which is both earnest and convincing. He conceived the idea of opening a cutck lunch restaurant, and he did so, hiring part of the basement of the Morse building at 140 Nassau street. He didn't have money enough to pay the first month's rent, but his diplomacy stood by him and he made money from the start. He called his place the Climax, and it is said that he made \$20,000 to \$30,000 in the few months that he ran it. He brought himself and his restaurant into prominence last November by making a public an-

ouncement that the girls who waited upon customers should, from that time forth, appear in tomers should, from that time forth, appear in bloomers. There were nineteen waltreses in the place. On Nov. 16, waltress No. 17, known as Kittle Moulton, appeared in bloomers.

The whole interior of the place was visible from the street. Crowds gathered outside and blooked the street. Then all the other girls who were not in bloomers struck. "Either she goes or we do," they declared,

"Do you think," said a specially pretty waltress, "that I, who have my pick of the best dancers at every swell cast side ball, am going to have that freak around in tights? Not on your intype!"

the position 1 am in: I'll uo anything you say."

Number 17 continued to wear "tights," and another girl also appeared in them, and the crowds outside increased. Fitzseraid was accomplishing his object of attracting attention. Acting Capital Thomison of the Oak street police station had sixteen men on duty trying to keep the street open for traffic. Finally, he decided to arrest "Col." Fitzgerald. He did so, and Fitzgerald escaped only by promising to stop the bloomer display.

"I am compelled," he said, "to abandon the "I am compelled," he said, "to abandon the bloomers by the purient curtosity of the multitude that grathers in front of the establishment. Understand me, sir: I have not chansed my opinion with regard to this elegant, tastefu, and common-sense garb. I still believe it is beat for these worthy and estimable young ladies whom fortune has compelled to earn theirown living. "Fitzgeraid claimed that he could exercise great control over the minds of others. "I can sait in the front wholes of only store," he said, "and make people come in by the force of will. When I see a person passing if it my mind upon him and keep my eyes upon him and pretty soon he has to turn around and come back and come right into my place." He also asserted that he was a healer and could cure headache, toothache, and kindred aches by the laying on of hands. The Colonel became so absorted apparently in these other things during the last few weeks of his ownership of the restaurant that he neglected some of the usual details of carrying on such a business. Suddenly, in Februa y of this year, he found a customer for the place, soid out, and left town.

Some of that following is still loyal to him and ready to accept his political advice. Aside from these there have been no speeches and no open work on behalf of the Bryan movement. These circumstances are disgusting the better element of citizens, and if some known Democratic orators are not shortly but to work and these Popullistic ranters slicated there will be open revolt in the ranks of the faithful.

Major McK niely had the quietest time to-day since his nomination. The Hon. W. S. Stambaugh, a Republican and campaign orator of Abilene, Kan., called on him.

The Major improved the opportunity to give some thought to the address expected of his tomornous, when the Quan delegation will call.

The delegations from Pennsylvania promise to be an large to morrow that Major McKinley has decided to make two speeches instead of one, as it was at first contemplated doing. The first speech will be made about 11% in the morning to the delegation from Reaver county. The second speech will be about 3½ o'clock to the Pittsburgh labor delegation.

This evening two more delegations have wired Major McKinley asking him if he could receive them. The commercial travellers of Pittsburgh and vicinity have asked to come on Sept. 10, and the Republican clubs of New Albany have notified Major McKinley asking that they have arranged to come that day. An effort will be made to arrange another date for the travelling men, so that they may have the day for themselves.

#### WATSON READY FIR THE STUMP. He Is to Speak in Texas and Then He Will

Go West. ATLANTA, Ga., Sept. 4. At the conference

yesterday between Thomas E. Watson, the Populist nominee for Vice-President, and Senator Marion Butler, manager of the Populist campaign, the plan of campaign was discussed Senator Butler wanted to get Mr. Watson's record on some points and the nominee supplied the missing links. It was decided that Mr. Wat-on should go to Texas and then West on a stumping tour. He will give his assistance to the Texas Populists in the movement looking to fusion. Mr. Watson also wants fusion in Geor-gia on the basis of a division of the electoral vote and the withdrawal of Mr. Sewall so far as

Georgia is concerned.

Speaking of the Palmer-Buckner ticket, Senator Butler said that it was meant "to catch suckers who might otherwise vote for Bryan."

Senator Butler left last night for Washington, and Mr. Watson this morning for Terax. It is understood that it has been decided that both Watson and Bryan shall be notified before Sept. 15 by letter or committee, as each may choose.

Milhelland Saratoga Paradres to Be

William F. Daly, general foreman in the Department of Public Works at \$7.50 a day, has been removed by Commissioner Collis for the ostensible reason that he charged for services which he did not perform. He was absent two days in Saratoga at the Republican State Convention, and, it is said, he did not propose that anything should be deducted from his mouthly ompensation for that absence. Daiy was one of the very few malcontents who, under the leadership of the boy politician of Twentysecond street, went to Saratoga and with a bras-band and banners made a feeble demonstration band and banners made a feeble demonstration against the regular organization. He got his job in the Public Works Department through the efforts of the boy politician. There are others employed in the department who joined with Daly in the Saratoga demonstration. Among them are ex-Alderman James G. McMurray and Major Chester H. Southworth. Corporation inspectors, and Thesdore F. Ruble, foreman. They also expect to feel the axe, for they understand that Commissioner Collis has undertaken to behead every Milholland man in the department who part cipated in the Saratoga parade. Their friends say that Gen. Collis is seeking to placate the State organization of the party, lest the next Legislature turn him out. They even say that a threatment investigation by the Lexow Greater New York Legislative Committee may have had something to do with it.

# BROADWAY BLOOMS WITH FLAGS

Merchanto Make a Star-spangled Sound money Avenue Above Union Square. Broadway, between Union and Madison quares, was all flags yesterday. The occupants of buildings on either side of the street had national ensigns displayed from a hundred windows and on every flagstaff. The whole town had been invited to be present at 5 o'clock P. M. to witness the unfurling of five big McKin-ley and Hobart flags that were to swing across the street at as many points from Seventeenth street north to Twenty-second. Precisely on the street north to Twenty-second. Precisely on the hour the first flag, at Seventeenth street, was hauled out, and as the breeze caught it and displayed the names of the Republican Presidential candidates dependent from it, the Eighth Regiment Band stationed just below played "The Star-spangled Banner," and the great crowd gathered sent up a cheer for the flac and the ticket. From Seventeenth street, escorted by a squad of twentreight policemen, the band moved to Eighteenth street, where another banner was unfurled and the noise and shouting were renewed. This was repeated at Twentieth, Iwenty-first, and Twenty-second streets. The band remained under the last banner and played for half an hour. The expense attendation the celebration was borne by popular subscription by the merchants of the neighborhood.

## LUTHERANS FOR M'KINLEY.

The Votes of Four Years Ago to Se Republican This Year. CHICAGO, Sept. 4 .- A call made upon the members of the National and State Republican committees to-day would seem to have a peculiar significance. The caller was the Rev. S. R. Four years ago the German Lutheran vote in Hilmois, which is very heavy, went almost entirely for the Democratic na during the last few weeks of his ownership of the restaurant that he neglected some of the usual details of carrying on such a business, suddenly, in Februa y of this year, he found a customer for the place, soid out, and left town.

#### CHICAGO'S BLOW IT BIMETALLISM. Gen. Francis A. Wather Says It's a Case of Sutelde. Gen. Francis A. Walker, who attended the

He said he regarded the programme of the Bryan party to take the initia-tive in establishing international bimetallism by voting for the Chicago platform as suicidal. Nothing lasting could be accomplished, he said, except by international agreement. Milholland Men Fall In. The McKinley League has accepted the situa-

# PULITICAL NOTES.

On Aug. 1 the number of applications on file with the Civil Service Board for employment as laborers was 10,003. During July 291 applications were received and only 155 appointments made, thereby increasing the list of applications.

A claim has been filed against the city of New York by the Board of Water Commissioners of the city of Yonkers, Westchester county, for \$4,656, for water alleged to have been furnished to the newby annexed portion of the Twenty fourth ward since July 1, 1895. The bills incident to the annexation of Wakefield, Williamsbridge, and other towns continue to reach the city treasury.

The town of Elmira has fared pretty well in respect to nominations by the two parties for the office of Governor. In 1876 and 1879 the Democratic nominee for Governor was a resident of Elmira. In 1882 the Democrats took their candidate for Lieutenant-Governor from that city, and in the elections of 1883 and 1888 the Democratic candi date for Governor was from Elmira. In 1891 the Republican candidate for Governor was from that city, and in 1894 an Elmira man was again put at the head of the Democratic ticket. This year John B. Stanchfied of Elmira is a candidate for Governor on the Democratic ticket before the Buffalo Convention, which meets on Sept. 16. Elmira is not a large town, but it cuts a pretty large figure in the polities of New York. The population of Elmira ta #0,000.

In the Fifth, Sixth, Fifteenth, Nineteenth, Twenleth, and Twenty-first Congress districts of Illinois, represented in the last Congress by Re-publicans, the Populist vote in each exceeded the Republican plurality, these districts being outside the city of Chicago. In the Second Illinois district, ncluding four wards of Chicago; in the Third district, including six wards of Chicago, and in the Fourth district, including four wards of Chicago, the Populist vote also exceeded the Republican plurality. Of twenty-two Congressmen elected in Hilmois in 1894, twenty were Republicans and two Democrats: but of the twenty successful Republians, ten, one half, had a smaller plurality than the Populist vote in their districts.

During the month of August there were 140 appointments in the classified civil service of New York city, 32 resignations, and 28 removals. No mechalders died. Few do die.

William H. Leonard is a candidate for renomination in the Third Assembly district this year, with excellent prospects of securing the prize, as be has been diligent in advancing its interests and is one of the most popular Democrats within its boundaries. To the accompaniment of a brass band, an indepen

ient Republican Convention at the Belmont Court House has nominated Frederick A. Robbins of Angelica for member of Assembly. Mr. Robbins has rep-resented Allegany in the Assembly for three years, but he is not on friendly terms with the Republi can organization and another candidate has been ominated by the Republican regulars of the couny. Allegany is one of the strongest of the Repub

of the sixty counties. Last year, with Mr. Smith at the head of the ticket, they exceeded the thou-sand vote mark in Steuben. It is not expected among active Prohibitionists that the party will prove as strong at the polls this year as last. The Prohibitionists of New York have during the part year suffered severely by the death of some of the main supporters of and contributors to their movement ; and, moreover, they are this year, for the first time, divided, there be tion national tickets in the field. Some of the New York cold-water men have withdrawn from the regular organization, which is supporting Joshua Levering in order to espouse the cause of Mr. Bentley, the rival candidate, who stands for woman's suffrage and free silver, as well as for the abolition of all traffic in intexicating liquors.

There is no vacancy in the beach of the Supreme Court of the Pirst, or New York city, Judicial district this year, nor in the Seventh, or Rochester, district. In each of the others one or more Supreme Court Justices are to be elected this year. There are eight Judicial districts in New York under the amended Constitution.

A veteran of many years of party service is Uncle olck Thompson of Terre Haute, who has recently been III-so III, in fact, that he has had to forego emporarily his political activity in the interest of the Republican party, Mr. Thompson is a Virginian by birth. He is eighty seven years of age, and is sometimes described by ardent and admir ing Hoosier Republicans as the last iink connecting the statesmen of the days of Webster, Clay and Calhoun with those of to-day. He has seen all the Presidents of the United States, except Washington and Adams. He was an intimate friend of John Quincy Adams, Beginning with Jackson, Mr. Thompson has known more or less intimately every one of the men who have occu pled the chair. When he first went West in 1830 he taught school. This was at Louisville, Ky, He removed thence after a few onths to Bedford, Ind. Iwelve years later he removed to Terre Haute, there he has lived ever since. In 1884 he became member of the Indianapolis Legislature, In 1841 he was sent to Congress. It was there he met for the first time Abraham Lincoln. A friendship was formed, which ended with the death of Lincoln. He served two terms in Congress, when he was elected Circuit Judge, and he held a judicial office the greater part of the time from that Navy by Hayes in 1877. During the war he was Provest Marshall of the district around Terre Haute. Col. Dick Thompson is the only Secretary of the Navy chosen from an inland Western State since the foundation of the repub-lic. He headed the Indiana delegation to the St. Louis Convention which supported the nomination of Mr. McKinley. He is an undeviating Republican.

The Republican district conventions for the nomination of Assembly candidates have been called for Sept. 1, and there is siready considerable activity among Republicans, who are hopeful of securing some districts heretofore Democratic, of securing some districts necessions but no longer so since the tide of Democratic oppo-but no longer so since the tide of Democratic oppo-tion that the Chicago nominees. The Republicans have at present representatives from the following districts: Fifth, Eighth. Niueteenth, Twenty first, Twenty fifth, Twenty seventh, Twenty-ninth, and Thirty first, eight in all in a delega-tion of thirty five. They expect to hold these districts and capture besides the Tenth, Twentythird, Thirty third, and Thirty fourth, bringing up the Republican representation to twelve, with a fair chance of carrying, perhaps, several tricts in addition, the Eleventh and Thirtieth among them. The Stepublican County Convention will meet to nominate a Coroner on Sept. 10, and Coroner luttle, appointed by Governor Morton to all the vacancy caused by the death of Coroner O'Meagher, is the leading candidate for this neutnation. A local municipal fight in New York waged over a Coroner, an office which by general consent ought to be, and by general acknowledge ment soon will be, abolished, is a decired novelty in the politics of New York and a diverting one, too-if anything connected with the functions of a Coroner may be said to be diverting.

Water Tank Marsden, the Louislana Democrat who distinguished himself by druking, at irregu-lar intervals, glasses of feed water at the Chicago Convention, is making a lively light for free silver and pienty of it in the Pelican State, in the upper portion of which the free silver sentiment is very strong. Not for many years has a Louisiana Demo-orat been so prominent, either as a drinker of water or as a seaker of votes, as Maridea. QUAY KEEPS A HUSTLE ON.

Southern States on the Correct Index News from Marviand Arkanana Elec-tion on Monday Exciting Some Interest. The activity which has characterized Republican national headquarters ever since Matthew Stanley Quay took charge of the campaign in the East was very noticeable resterday. Senator Quay has not let a day pass without ? meeting of the Executive Committee, and at those conferences men who are prominent in the councils of the party in the State covered

The members of the Executive committee were much amused by a story which came to them by way of Chicago headquarters that "Coin" Harvey, the apostle of fressilver coinage, had drawn his depost from one of the banks of that city, insisting on having that in gold, and had then put the gold for safe acquisit in a safe decosit vault.
